Your Highness,

As a UNESCO Goodwill Ambassador and a Global Education Ambassador, I am writing you today to offer my strongest support of your humanitarian campaign in Gaza. The protection of education in conflict zones during such a time of humanitarian crisis is absolutely essential and therefore, I fully endorse your initiatives to create and maintain "safety zones" amidst the violence.

I commend your unyielding commitment to ensure that educational systems are preserved and sustained even in the face of extreme conflict, and I will do all I can to gather support at UNESCO, the United Nations, and with our international friends and contacts. I hope you will accept my sincerest advocacy for your efforts in Gaza.

Best Wishes,

---
